## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. The grant to divert water for the purposes applied for is made with the specific understanding that water shall not be diverted except for bona fide beneficial use for such purposes. When the use for water does not exist the right to divert it shall cease in accordance with the specific statutory provisions applicable thereto. The State reserves the right to regulate the use of the water herein granted at any and all times in order to insure the proper distribution thereof.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2.0) cubic feet per second.

Actual construction work shall begin on or before December 1, 1916.

Proof of commencement of work shall be filed before January 1, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before December 1, 1919.

Application of water to beneficial use shall be made on or before December 1, 1920. Proof of the application of water to beneficial use must be filed with State Engineer on or before January 1, 1921.

Proof of labor filed DEC 28 1916

Map filed MAY 28 1917

WITNESS MY HAND AND SEAL this 1st, day  
of September, 1916.

Cancelled 4/28/20 because of failure of  
applicant to comply with provisions of permit.
